

## ***Joint Seminar – Sustainability, Innovation and Recycling***

### **Date, Time & Venue**

**23 February 2012** (Thursday): 6:00pm (Networking), 7:00pm (Start of Seminar)  
The Australian Consulate General, Hong Kong, “The Wombat Hole” 24/F Harbour Centre,  
25 Harbour Road, Wanchai, Hong Kong

### **Programme Highlights**

The ever growing awareness of the need to act in a sustainable manner is prompting innovation in recycling practices. This seminar will present two case studies of sustainable practices in the State of Victoria, Australia.

- (i) A review of operation methods of the City of Greater Geelong which is a regional Council. In particular, cost comparisons of stabilization versus resheeting of gravel roads, as well as conventional road construction and maintenance of rural and urban roads. In addition, social benefits are also highlighted.
- (ii) Outlining of the benefits of recycled usage in foam bitumen stabilisation, and also quantification of carbon emission savings in a Victorian bayside council.

### ***Speaker: Mr Brian O’DONNELL***

Brian O’Donnell has worked in the Australian local government sector for 45 years and for 19 years he was in charge of Municipal Engineering Offices. He is a former Chair of the National Engineers Australia Civil College Board and he is a former President of the Institute of Public Works Engineers Australia (IPWEA). In addition, he was Victorian Chair of the Civil Works Expo. for ten years since its inception.

### **Special Highlights**

2 free soft drinks or beers will be served during the event to the Engineers Australia members present at the technical talk.

### **Continuing Professional Development (CPD)**

Attending Engineers Australia members will be issued with a certificate acknowledging 1.5 hours of CPD.
